DREAM-FILLED DAWN

Violet T. Hartmann

The dark is beautiful before the dawn -  
So quiet . . . not a leaf or fledgling moves.  
Pale, coral-tinted light  
Spreads slowly through the fog  
That veils the drowsy night.  
No sound . . . just beauty in the silent dawn.

The sleeping hills and placid waters stir  
When sudden floods of gold and primrose blend  
Their fragile tones, then drift  
Above the dew-drenched fields  
Where elderflowers lift  
Their lacy heads when day-winds gently stir.

I love the tranquil beauty seen at dawn -  
The still enchantment of a newborn day.  
A flash of sunbeams makes  
A golden song of hope . . .  
Again the world awakes to light and life  
And leaves this dream-filled dawn.

Every day is a new beginning; every morn is the world made new.

- Author Unknown

In rivers, the water you touch is the last of what has passed and the first of what which comes; so with present time.

- Da Vinci

Far away there in the sunshine are my highest aspirations.  
I may not reach them, but I can look up and see their beauty,  
believe in them and try to follow where they lead.

- Louisa May Alcott

### MY TREASURES

Nothing can erase the lovely things  
my life has known;  
These treasures I shall always cher-  
ish as my very own.  
The disappointments, unkind things,  
that have but touched my way  
I brush aside, and quickly think upon  
the beauty of the day  
For each dawn brings a wonder  
I have not seen before,  
And with that wonder comes the  
opening of still another door.  
The blooming of a flower,  
the sunlight of the sea,  
The kindness of a friend . . .  
all these are joys to me.

- Marcella E. Minard

With each new rising sun think of our  
life as just beginning - show kindness  
and love today for tomorrow's  
chance may be lost. - Author Unknown

Mountains never shake hands.  
Their roots may touch; may  
keep together some way up; but  
at length they part company,  
and rise into individual insu-  
lated peaks. So it is with great  
men. - A. W. and J. C. Hare

How beautiful a day can be  
when kindness touches it.

- Elliston

Progress comes through the  
intelligent use of experience.  
- Elbert Hubbard

I've never been able  
to push the clouds away  
by myself.  
Help me.

Please.

- Rod McKuen

Remember this, and also be  
persuaded of its truth . . . the  
future is not in the hands of  
fate, but in ourselves.  
- Jules Jesserand

All rivers run into the sea,  
yet the sea is not full.  
- Ecclesiastes 1:7

A cheerful heart makes its  
own blue sky.  
- Author Unknown

Time is precious, but  
truth is more precious than time.  
- Disraeli

We are only certain of today . . . yes-  
terday is gone and tomorrow is always  
coming.  
- Martin Vanbee

We pray not for lighter burdens, but for  
stronger backs.

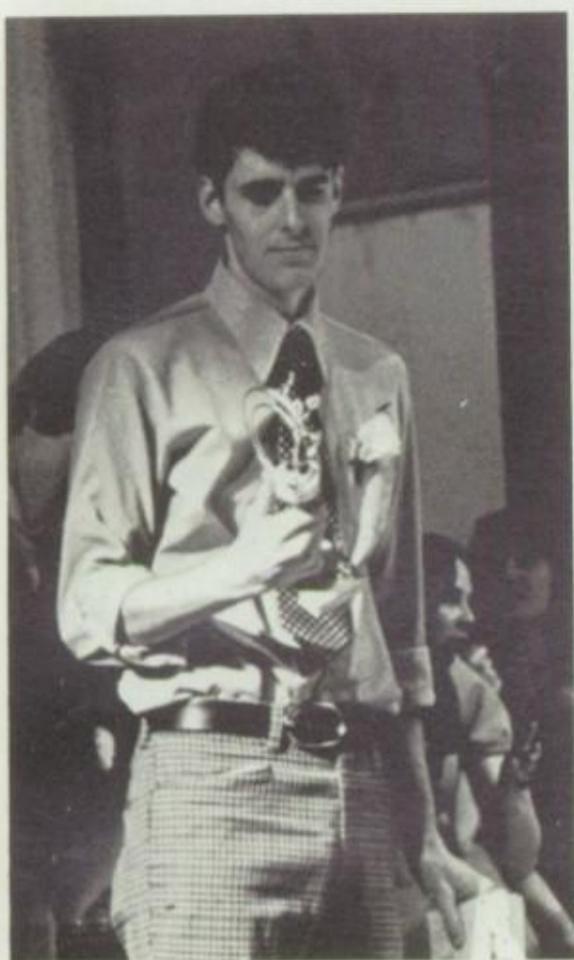

- Theodore Roosevelt

Happiness is reflective,  
like the light of Heaven.  
- Washington Irving

Far away there in the  
Above all, let us never forget that an act  
of goodness is in itself an act of happi-  
ness. It is the flower of a long inner life  
of joy and contentment; it tells of peace-  
ful hours and days on the sunniest heights  
of our soul.

- Maeterlinck

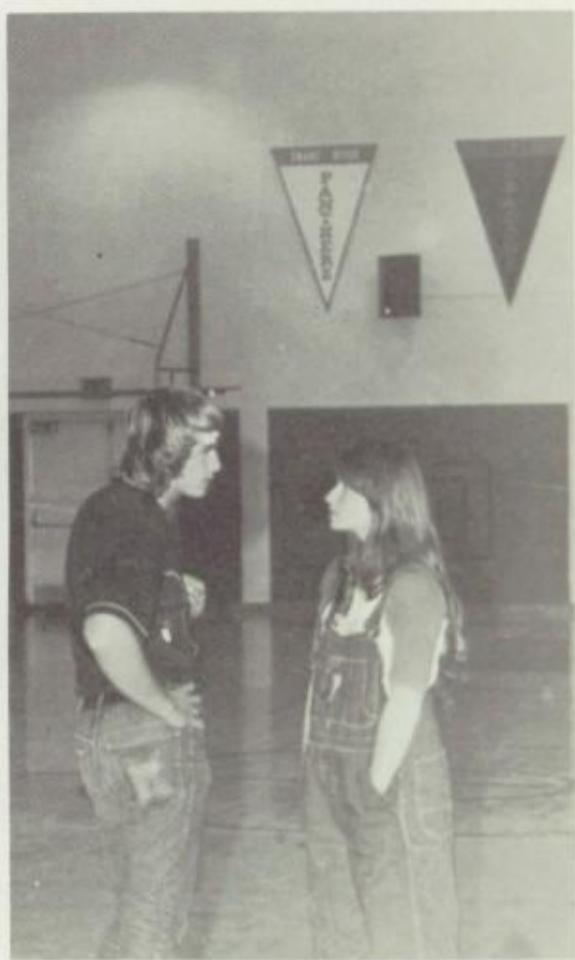

# STUDENT LIFE - SSHS

Coach Fuller presenting the JV's winning trophy from basketball.

"I wish they would aim for the basket and not me."

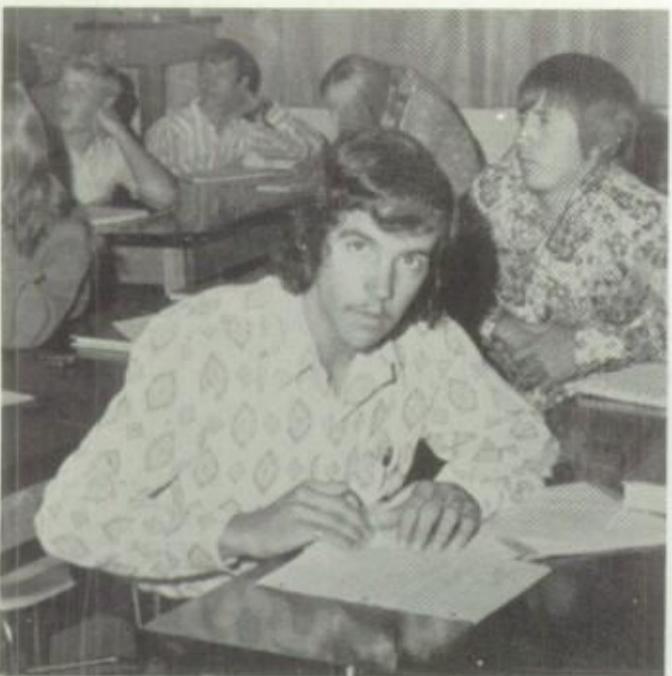

"You've got to make a choice - him or me."

"I shall fight to the bitter end."

". . . and now a few words from the star of our show."

"What's the answer to number 13?"

"Smile. Never mind whose cake has the most frosting."

"Don't shut the door."

I'll teach him to say those things to me."

There is some fun to working in the snack shack once in awhile.

Dennis is going to have wet pants  
(again).

Our great cheerleaders: Terry M., Mac A., and Wade O. Aren't their panty hose lovely?

"Let's see, now where was I?"

"We're open for suggestions."

The stud club isn't an affiliated club, but still they are our stud club.

"We're getting the latest gossip of Soda."

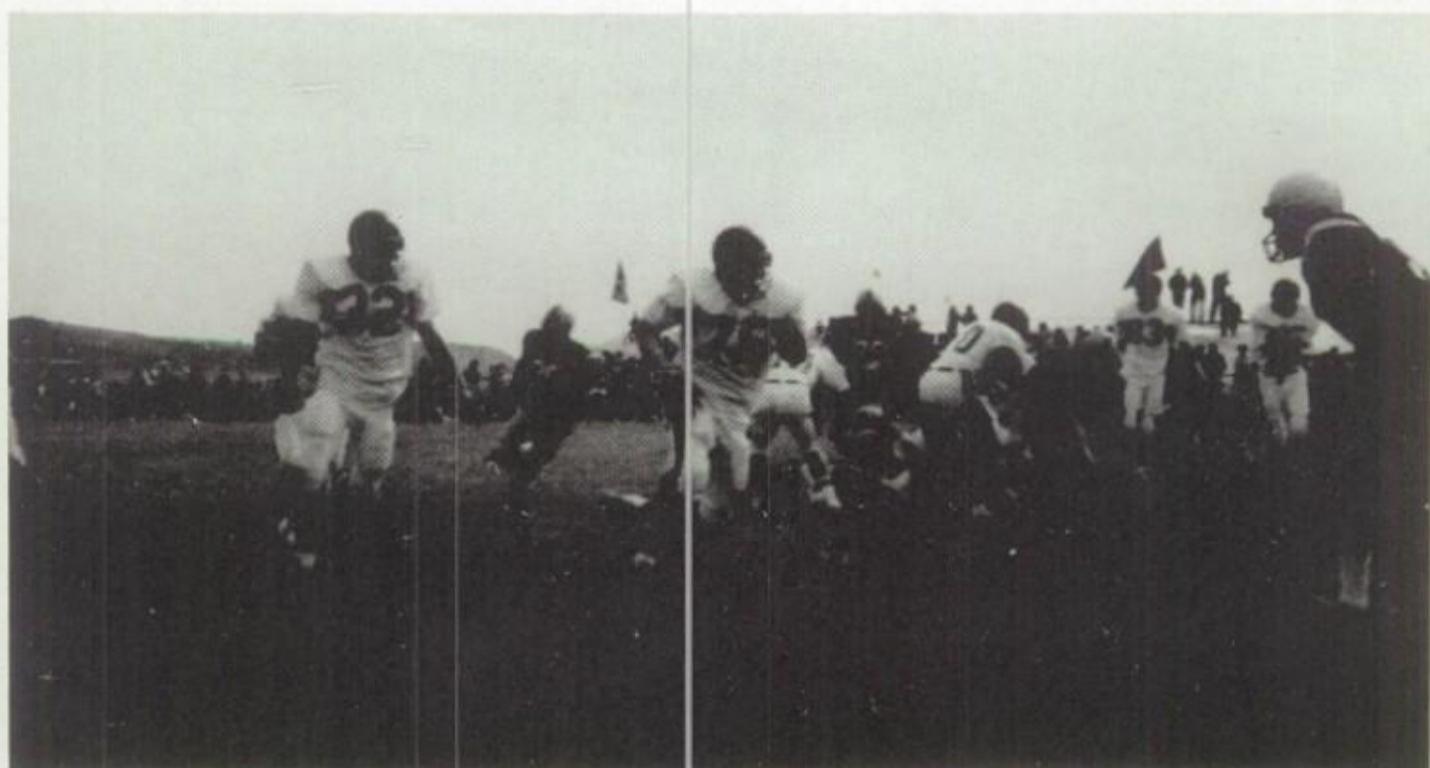

"It was a real shocking experience."

"I know these students would like a 4.0 grade, but I bet none of them know what was on the board yesterday."

"Another lecture? What did we forget this time?"

The active type.

Mr. Bordelon deep in thought.

There are times when the students do some deep thinking.

"No way, no pictures for us."

Drill team providing the entertainment during half-time at a game.

"They're really studying for that test? Well, I guess there's always a first time for everything."

Many thanks go out to Gus for the work and effort he has put in patching up our school.

## GROWTH

Growth - the ultimate goal of school.

"Stop gossiping and start reading."

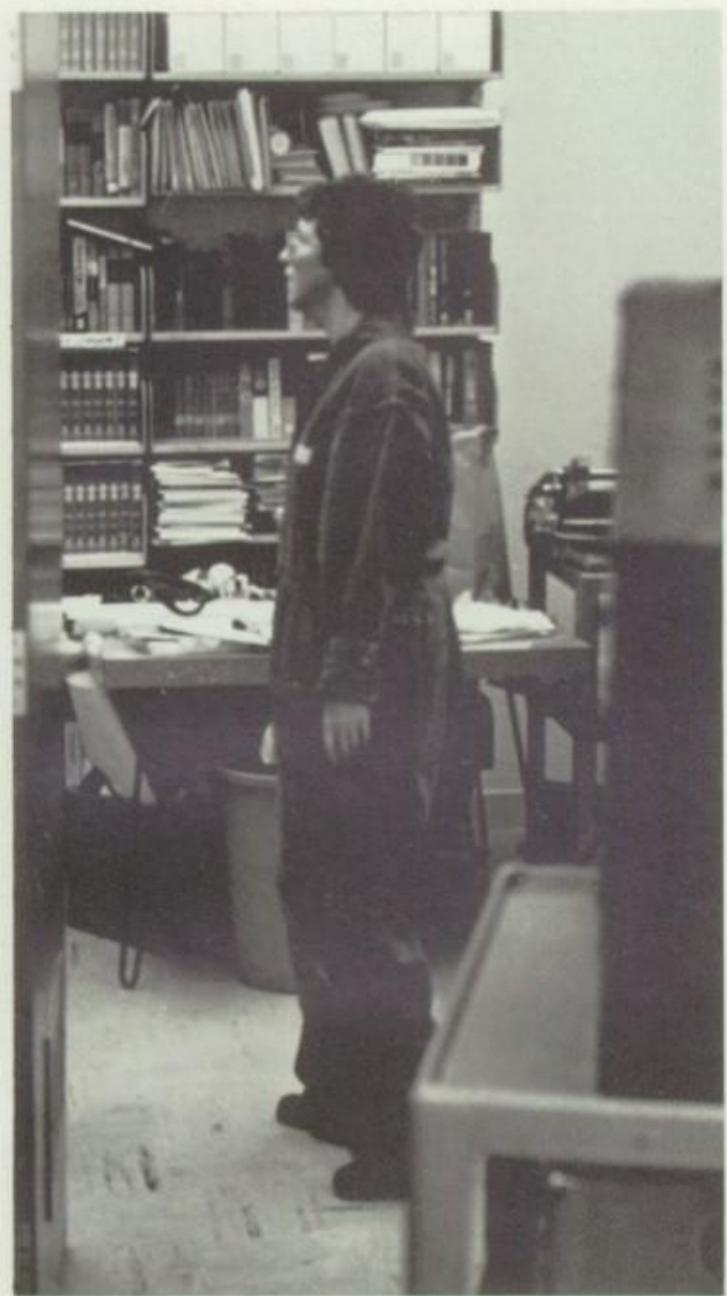

"Is it a pin?"

Looks like a couple more skipping class.

"Aren't we just beautiful?"

"Is it the janitor? No, can't be. It's too skinny. Hey, it is Miss Koch. Wonder where she got her new outfit?"

"Get those mouths and tongues moving."

"Hurry and get it. It's running down my throat."

The above students attended All State Choir, Front-Back: S. Budge; Matney; S. Christensen; Robinson; Olorenshaw; E. Sibbett; S. Jensen; K. Keller; T. Anderson.

The muscular movements of a typical stud club member.

"Come on and yell everybody."

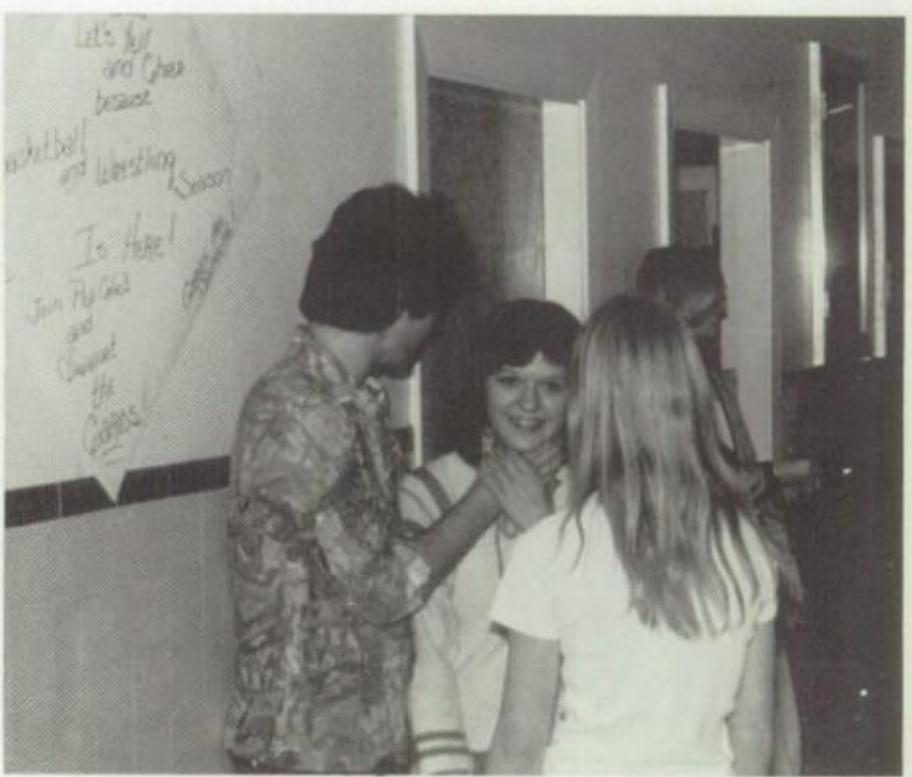

Kurt Kool and his accomplice.

"Is there really someone in there?"

"Aren't we just living dolls?"

"You'd better tell me what you said immediately or I won't be responsible for the consequences."

"Pull girls, pull."

"The rip cord? Oh dear, I forgot to put the parachute on."

The lightening men.

"When was I absent?"

Mrs. Gentry getting back at all those students who are always bothering her.

"Tell them you're going to the doctor and that I'm driving you."

"Trying to teach this 8:00 class about taxes and the government isn't easy. They all keep falling asleep."

"Hurry! Oh no, we forgot our gloves. Now we'll leave fingerprints all over the place. Oh well, just get the money and let's go."

"Class, this is what we call a pencil. You use it to write out your assignments."

Us cheating? Never!

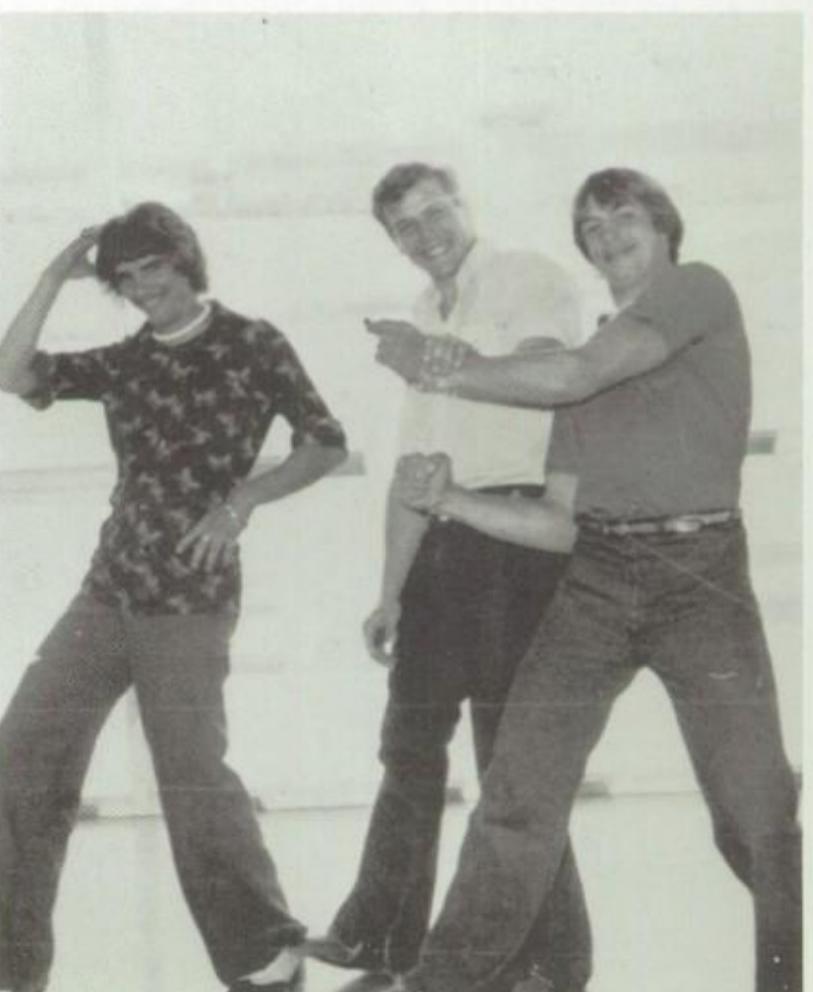

Just wait 'til I get my hands on him!  
I'll . . . I'll . . .

I hope it lights. If it doesn't, I'm going to cry.

We've got the tail, the body, and the head. Now where is the man?

They think they're real studs but we know the truth.

Watch carefully. This is how you do it  
Adell.

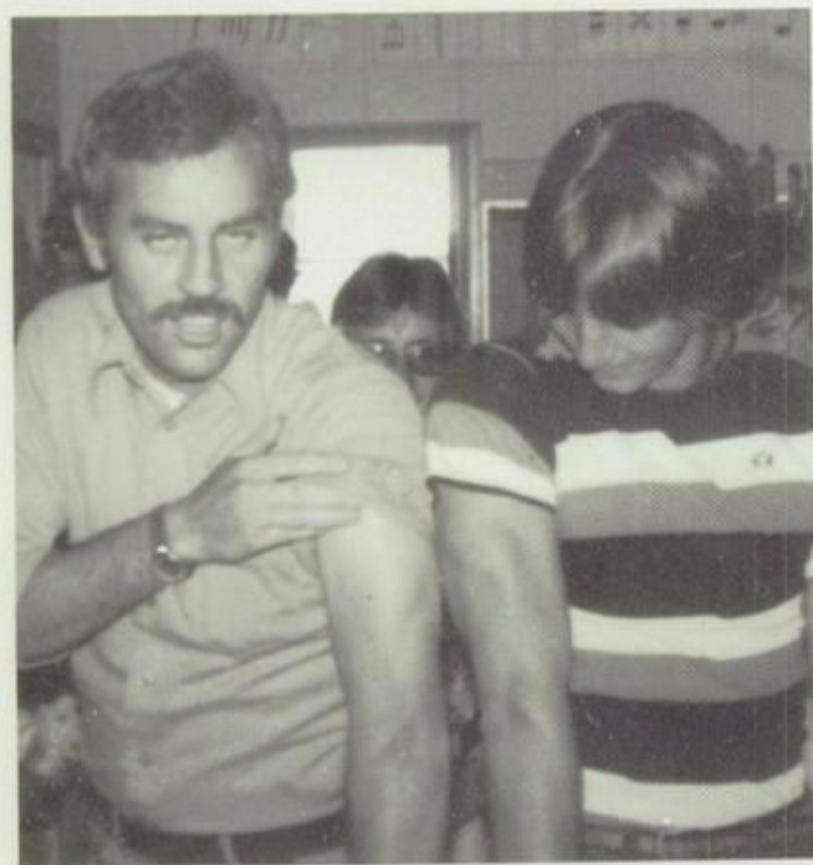

How about ditching this class when the teacher isn't looking and going off by ourselves?

Now folks, this is what we normally call a dragon. You may have some other name for it.

Did you get the information?

Now tell me, which muscle is bigger?

I'm ready for the fight!

See Mr. Nelson, it's not so hard to write out a blue slip.

Hey, that looks like fun. Maybe we should go join in.

The cheerleaders presenting the nation's colors at the beginning of a game.

Hey Mr. Nelson, we have only one more game. You can let us finish.

Don't look now Terry, but I think we're going to have company.

# FRESHMAN

Kind sir, I don't know how to ask this, but will you please marry me?

Which way did she go?

Look at my 38-16-46 (WOW) figure!

Gee, all the fellas are too busy to notice my cute little dimpled knees.

Freshmen all feel safer in numbers.

# MARINE'S YOUTH PHYSICAL FITNESS PROGRAM

The Marine Corps is endeavoring to promote physical fitness by providing some incentives for high school students to discover the advantages of being physically fit. This program gives recognition to high school athletes on local, regional, and national levels.

The program consists of two minutes of sit-ups, a series of push-ups, a three minute standing long jump competition, a sequence of pullups, and a 300-yard shuttle run. Contestants are allowed only three minutes rest between the separate trials.

This group of athletes from Soda Springs High School became the first Idahoans to participate in the Marine Corps Physical Fitness Program. Their athletic ability enabled them to fly to San Francisco for the competition this year.

Coach Jay Omer and this group have done a fine job in representing our school.

Left-Right, Back Row: Coach Omer; D. Maughan; Bowman; K. Corder; K. Maughan; Marine Recruiter Gy-Sgt. Ken Thomas. Bottom Row: C. Hill; Somsen; D. Mazza.

# RESCUE PRACTICE

The ambulance service tries to run periodical practice drills to see how long it takes them to reach the scene of the accident and then to get back to the hospital. This year the scene was a bus accident at Monsanto with some of our students on the bus. On this page are a few pictures of this accident. They may look real, but they're really only make believe.

These guys should be elected for Miss Soda High.

The Cardette Extravaganza has always been one of the main highlights of the school year. The girls participating in our drill team always seem to come up with a better show than the one before.

They bring in many visiting acts, and work hard to provide a few acts themselves. Many congratulations go out to the Soda High Cardettes for the fine performance they do each year.

The Idaho State University Bengal Rifles.

# *EXTRAVAGANZA*

The Idaho State University Scotch Guard gave a fine performance.

The Jr. High Eaglettes did a couple of their drills.

# JUNIOR-SENIOR PROM

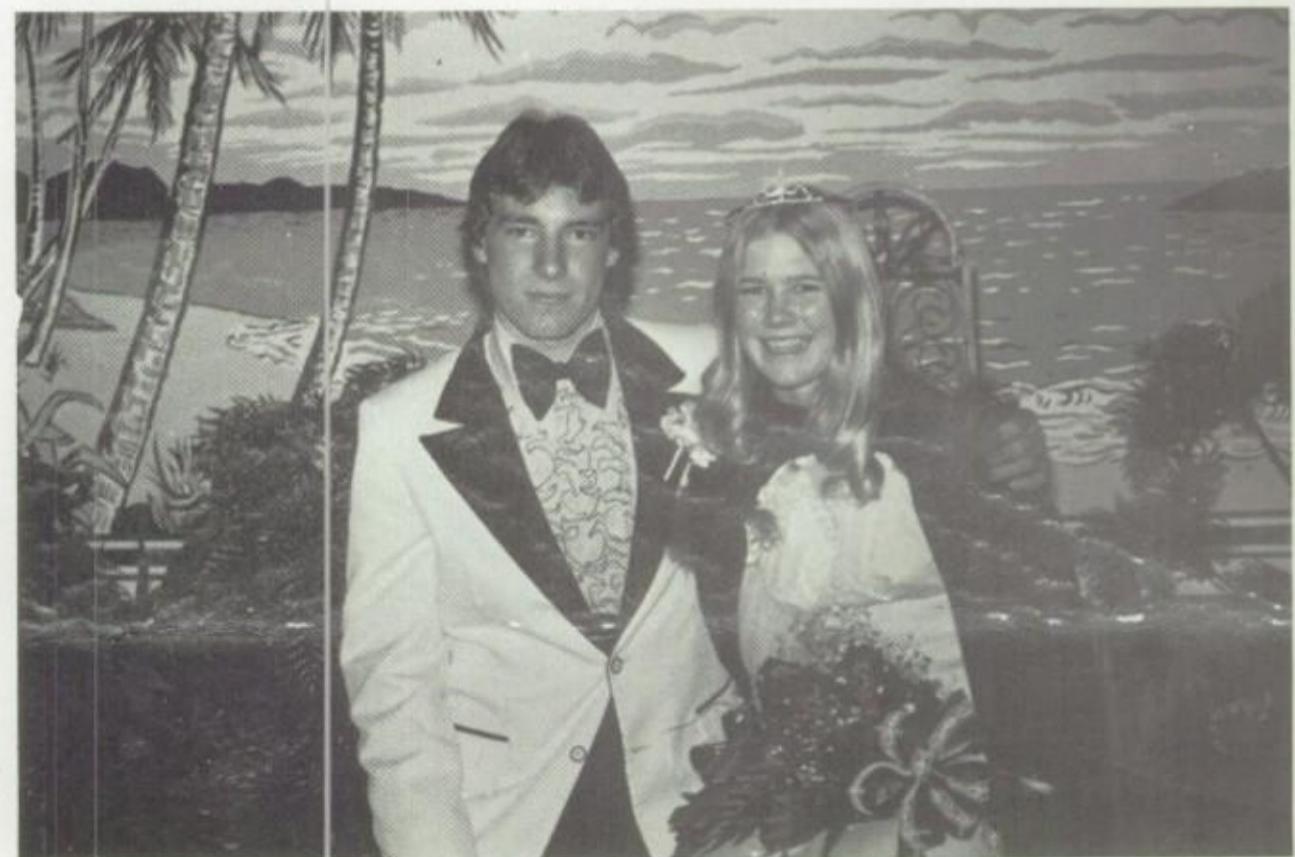

Palm trees, tropical birds, thatch huts, and tiki gods - these describe the Hawaiian decor that was the setting for the Junior-Senior Formal Prom. As always the prom was a success as the social event of the season, highlighted by the naming of the Sweetheart Queen and her attendants.

The picture booth, with its background of rolling surf, held its usual attraction for the couples the first part of the dance. During the latter half, the refreshment area with its centerpiece of lighted sand candles and a ten-foot Japanese Irogoi fish overlooking all, dominated much attention.

And, of course, the dance itself, which was made most enjoyable through the efforts of the five-piece group, Lazer, from Ogden, Utah.

The moment everyone awaits  
- the announcement of the new  
queen.

Our 1975-76 Sweetheart  
Queen - Kibbie Horsley and  
her date, Matt Arvidson.

Everyone dances at the prom.

The talent assembly was in conjunction with the exchange assembly. Each club and class was required to present an act to the student body. Afterwards the students, themselves, voted on their most favorite acts. After the votes were counted, a new assembly was put together.

This new assembly was sent to four other schools for the exchange assembly program. The four schools involved with us in these assemblies were Preston, Malad, Aberdeen, and American Falls. We presented our assembly to them and in exchange, they presented their assembly to us.

On these two pages are some of the acts that were presented to our school and the other schools.

Some of the Cardettes did a dance to "I Believe In Miracles."

The Soda Pops choir opened the show with a few songs, and got everyone in a happy mood.

Coldwater Morning provided a great ending to our show with a few songs.

## TALENT

Leslie Aland and LaNae Balls showed us how they could make others perform when they had their birds dance to "Billy Don't Be A Hero."

Suzanne Christensen sang "Seventeen."

Coby Tigert gave a lesson on how to ski.

Stuart Summers and Matt Duncan did a monologue.

Kevin Keller was a "hit" with his makeshift band singing "Put Another Log On The Fire."

The Rodeo Club did a really great square dance.

Wade Olorenshaw sang the song "I Write The Songs." He was accompanied by Suzanne Budge.

Letting you know what was coming up was Steve Stephens and Bonnie Farrow, our MCs.

This year the yearbook staff consisted of six members under the direction of Miss Koch. Everyone, except the editor, were new to the staff.

Julie, the editor, and Britt Lewis attended a workshop at USU during the past summer. From this workshop they brought back valuable knowledge about the production of the book, and were able to present the staff with many new ideas for this year's book.

Even though the rest of the staff couldn't attend the workshop, they each contributed ideas of their own. This yearbook is the result of our many ideas, and time spent each day. We hope you enjoy the book very much.

This year was the beginning of a step upward for the Soda Springs Honor Society. We began the process of joining the National Honor Society. Many rules and processes have been changed and many more will be changed during the coming year.

The Senior members had their biggest moment when they spent three fabulous days in Boise touring Boise State University. Another trip for them was when they spent a day in Logan going over Utah State University.

This was Mr. Hamblin's first year with us. We were surprised when he was still with us after having put up with us for a whole year. We do hope that he will continue working with the Honor Society.

Ski Club is a club for people who are alive. Skiers, whether they be experts or beginners, all share a common bond. That bond is the feeling of complete freedom of the spirit. On the slopes we soar.

This year we had a large club with a wide range of skill. We joined the national Ski Club - U.S.S.A. and went on as many trips as we could get busses for. We had incredibly good weather which made it a beautiful season.

Thanks to all of you who supported us.

The 1975-76 High School Concert Band has proved themselves to be one of the better bands in many years. This year, while in Malad for music festival, they received a 1 rating. Also, for the last 3 years, they have participated in the annual Bennett Brothers Concert. This year, Soda Springs was honored to be able to host this annual event.

Pep Band has done a very commendable job this year in supporting the athletics.

Without Mr. Bennett the success the two bands have felt and loved could never have been possible.

## THE CAST

Carol Lynn Pearson

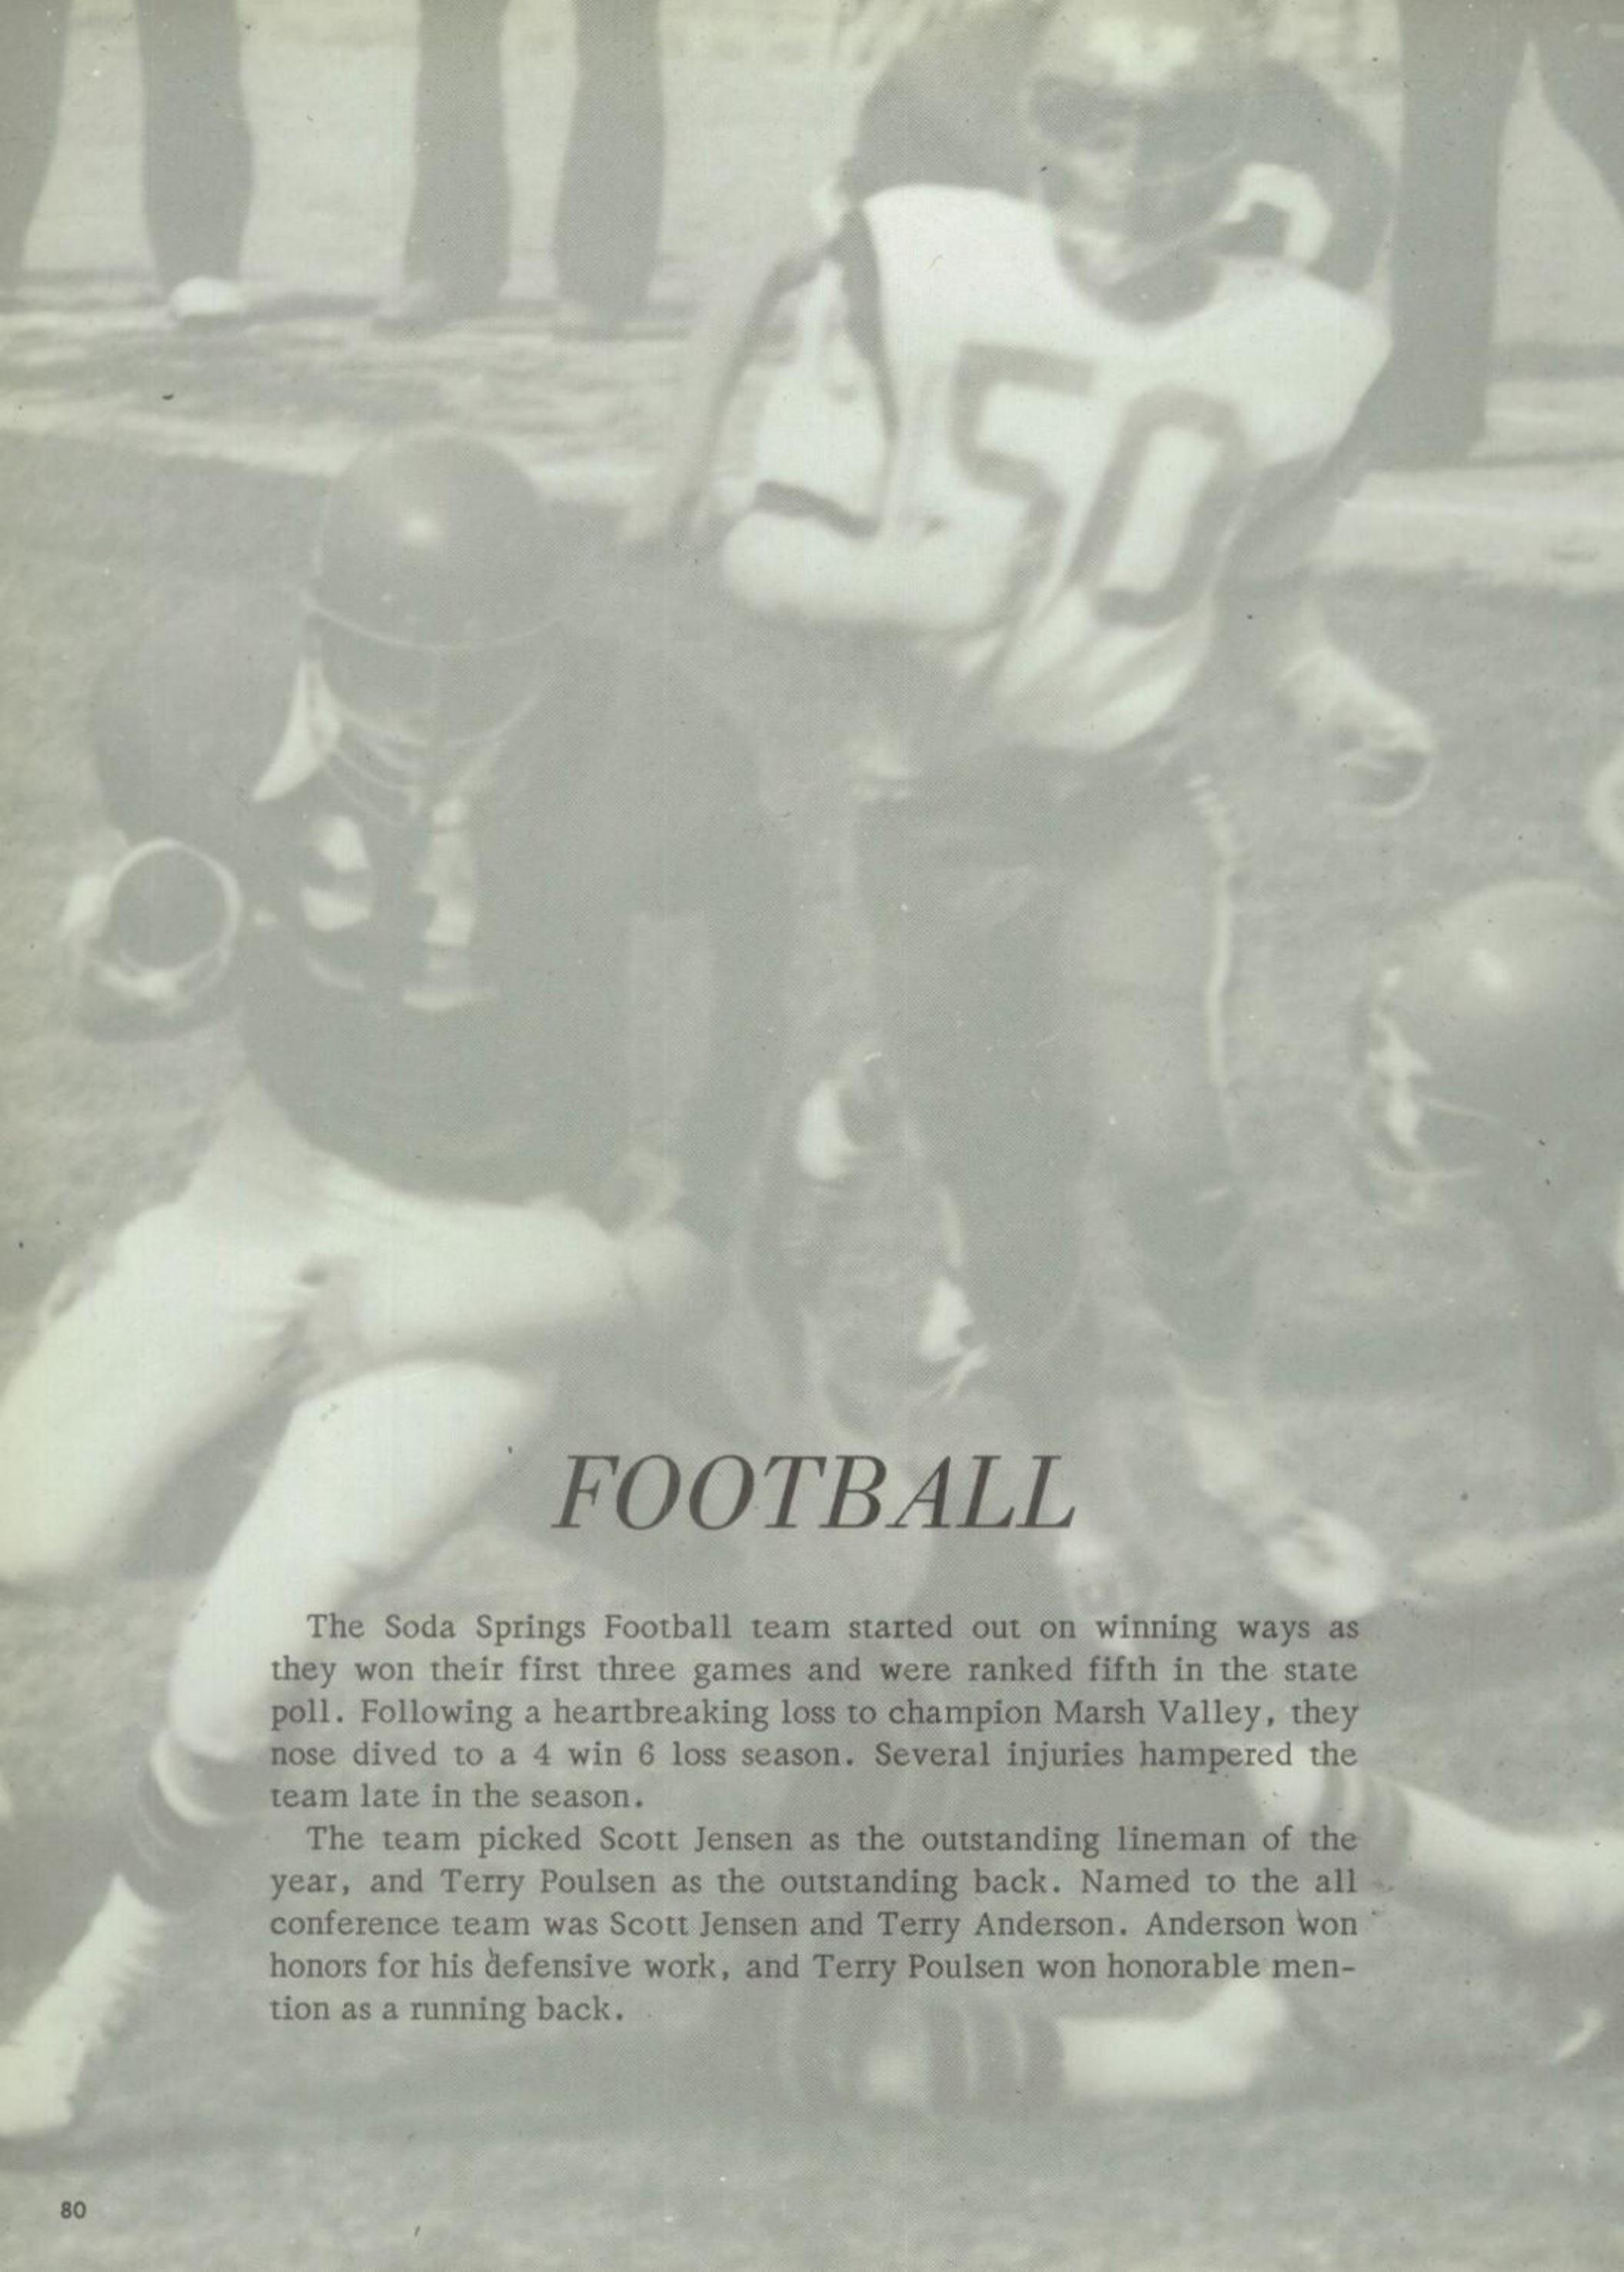

I lost the starring part in Our Town  
To Linda, a girl not half as good as me,  
Who kept her eyes down  
For the whole tryout, and even stuttered.  
  
When the cast was posted  
And the high school drama coach  
Saw me reading it through my tears,  
He put an arm around me and said,  
"Now look - things are not always  
as they appear.  
  
This is not Broadway;  
It's an educational institution.  
We're here for two reasons -  
to put on a show,  
And, more important, to help people grow.  
Someday you'll see."

So Linda played Emily,  
And she didn't even stutter.  
And I was Third Woman at the Wedding,  
Watching and wondering how he knew  
What she could really do  
If she had the chance.  
  
Since then I have guessed that God,  
Being a whole lot smarter

Than my high school drama coach,  
might be offstage sometimes  
With an arm around a questioning cast:  
"Now, don't try to outguess me,  
Sometimes the first shall be last  
And the last shall be first,  
And I've got my own reasons.  
I need some strong ones to star  
And some strong ones to stand back.  
And I'm going to put out front  
Some you might not choose,  
But you'll see what they can really do  
When they have the chance.  
Mortality is an educational institution.  
We've got to put on the show,  
And, too, we've got to help people grow."  
  
As I walk through the scenes,  
Watch the costumes move,  
And listen to the lines  
Of the powerful, the weak,  
The rich, the poor,  
I look at the leads with less awe than  
most,  
And at the spear-carriers with more.

## *BOYS' BASKETBALL*

The Soda Springs Cardinals had an interesting year of ups and downs. The team efforts came through with few wins. However the building of the team and individual players went through a great change as the season progressed.

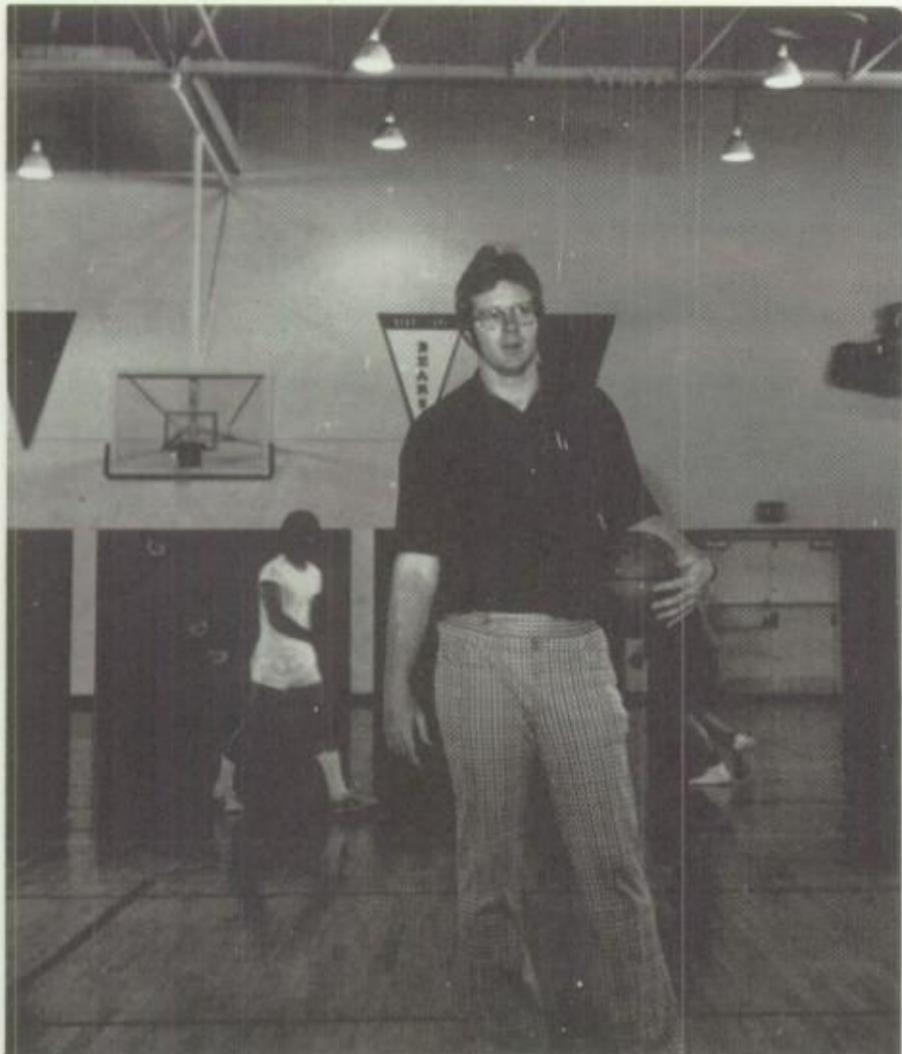

Terry Anderson, a junior, led the Cardinals in scoring with a 12.4 average for the season. Rick Ayers, playing his final season with the Cardinals, was second with an average of 11.9.

Again these two fine athletes showed good work in defensive play by leading the Cardinals in rebounding. Terry Anderson averaged 17.2 and Rick Ayers, 10.5.

The Cardinals are proud of a fine teammate, Rick Ayers, who was selected as Most Valuable Player, and he also received the "Hustle" award. Thank you Rick for your outstanding efforts on the Cardinal team.

This year the Cardinals also placed Rick Ayers on the District 5 All Star Team.

"Cardinal Pride" makes every person and every student feel good. This pride, whether we win or lose, enables us to learn that you must give to achieve the ultimate goal - success within yourself.

## GIRLS' BASKETBALL

We must admit that the girls weren't the best to begin with, but they did have determination, and they really put up a good fight in their games.

The team thanked Coach Omer for putting up with them, and also for standing behind them. They learned a lot from him, and he learned a lot from them.

Coach Omer learned to bring band-aids for broken fingernails, kleenex for hurt pride, mirrors for the application of make-up, and rubber bands, combs, and brushes for hair. He also had to bring extra shorts for the absent-minded, safety pins for quick repairs, and last of all, patience since he forgot the kleenex.

Gradually the team began to shrink because of involvement in other activities until, by the first of May, there were only five or six girls left on the team. We, therefore, decided to discontinue for this year and hope that next year there will be enough girls who will stick with their commitment so that we can finish the season.

# SUPERINTENDENT

Being courteous requires placing a value on other people and what they are doing - as well as what they have done. Being courteous is showing an appreciation for the problems and difficulties that our friends might be experiencing and trying to be part of the solution, rather than a broadcaster of their difficulties.

Courtesy may be shown by voice, as well as by deed and action. Discourtesy is shown by being late for meetings and leaving early. Being discourteous is interrupting when someone else is talking, acting bored or doing other assignments while a meeting is in progress or embarrassing people through being impolite in the presence of friends or relatives.

Even though we all need to give and receive courtesy, too often we wait for someone else to extend it to us before we extend it to them. We can wait no longer. The time to begin is now. When we learn to extend courtesy to each other, we take on a new rhythm and charm. Our behavior towards each other is characterized by graciousness and consideration. And, in the end, we find that we are better human beings.

The earth turns; the clouds pass by; the seasons come and go; change is evident; change is constant; and so it is in education. Students enter school, learn, advance and leave to make their contribution to their fellowmen and society. In this process not only does society change, but man does also. As he changes, his needs become different and education must react to these changing needs.

Soda Springs High School, Joint School District No. 150, has been a part of SNAP 1975-76 (Student Needs Assessment Project). Each of you have evaluated and have been evaluated. The results of these evaluations will bring many changes in the education offered in forthcoming years. You have been, and will be, part of this changing process. Thus it will be throughout your life. May your approach to future change be evaluated with care and may it be such that changes of the future will be to your benefit.

During the 1975-76 year the needs assessment study for Joint School District No. 150 was completed. This program study had been initiated by the Trustees to determine how adequate our education program is and what the community would like to see in the program.

The study was very ably directed by Mrs. Roberta Pippitt. She was assisted by Mr. Richard Tolman, and the rest of the administration, many of the teachers, and a large number of the students and patrons of our community. The results of the study were presented to the School Board for their consideration and implementation. To all of those who gave so freely of their time and efforts, the Board wishes to extend a well earned "Thanks."

As a result of the study the Board started to approve several changes in the district curriculum. As facilities and financing become available the Board will continue to expand the curriculum. An Architectural firm was retained to study our present buildings for the most efficient use, the needs of a new building, and possible sites to locate a new building on.

"Quality is never an accident. It is always the result of high intentions, sincere effort, intelligent direction, and skillful execution." Anyone who takes pride in achievement must follow the four elements in this motto. We must start with intentions - a sincere desire to do the very best we can. Just "wishing" seldom accomplishes anything. Our high intentions must be backed by sincere effort. There's an old saying that goes something like this: "We can't expect to get something good out of anything unless we put something good into it." There's no substitute for hard work and sincere effort to produce a quality result. If we "spin our wheels" and fail to direct our time and effort intelligently and in proper channels, we end up in a blind alley. The best intentions, the most sincere effort, and the application of intelligent direction will be fruitless unless we follow through and achieve our objectives. Those who start something worthwhile and finish it deserve the reward that comes with achievement. We need to continually strive for a better life and higher achievement.

It is my sincere hope that you will strive to further your education and live quality lives that are happy and satisfying.

## PRESIDENT

As I look back over the school year, I find myself studying many of the problems that confronted us as a student body. I truly feel that, because of these problems, the student body has joined together to stand up for what they believe in.

We were faced with a closed campus, and we fought against it. We won, and were given noon passes. A new policy was put into effect regarding overnight and extended trips, and we overcame this and worked things out.

Another challenge that came our way was the Needs Assessment Program. This program gave the students an opportunity to voice their opinions as to what was wrong with our school. In addition to voicing their opinions, they were given the opportunity to suggest changes and ideas for new classes.

At the beginning of the year there were some students that resented the student body officers, but I think that in our fight for our rights many of these people came over to our side and really helped us to support our views. There were also some parents that got behind us - something that hasn't been seen for a long time.

When I first came to Soda Springs, four years ago, I saw what kind of town it was. I liked it enough that I planned a future around it and its residents.

In all I think this has been a really great year. I would like to thank everyone for their help in making my job as student body president a good one. Good luck to everyone and thank you for everything.

ROBERT L. "CHICK" YOUNG

Soda Springs Junior and Senior High Schools  
Teacher 25 years, Coach 16  
Beloved Friend, Always

The above inscription will be written on a plaque which will be located in an appropriate place in the Junior High School. "In memory and appreciation of our good friend "Chick" who has influenced the lives of numerous boys and girls who have passed through the halls and have participated in his classrooms throughout the years. We were privileged to feel the influence of his kind spirit and genuine attitude. For this, and much more unsaid, "Chick," will be long remembered."

Mr. Young did not teach here in the high school, but many of the students had him while they attended Jr. High. The good times we had in his classes, and the things he taught us will remain a part of us the rest of our lives.

Showing off is the fool's idea of glory.

**FRED LOTT**

Never has there been such an intelligent person come through these premises.

**MICHAEL LOVIZA**

It's hard to keep the objective of draining the swamp when you're up to your . . . in alligators.

**MARCHELL MASON**

Happiness grows at our own fireside, and is not picked in a stranger's garden.

**JULIE MATNEY**

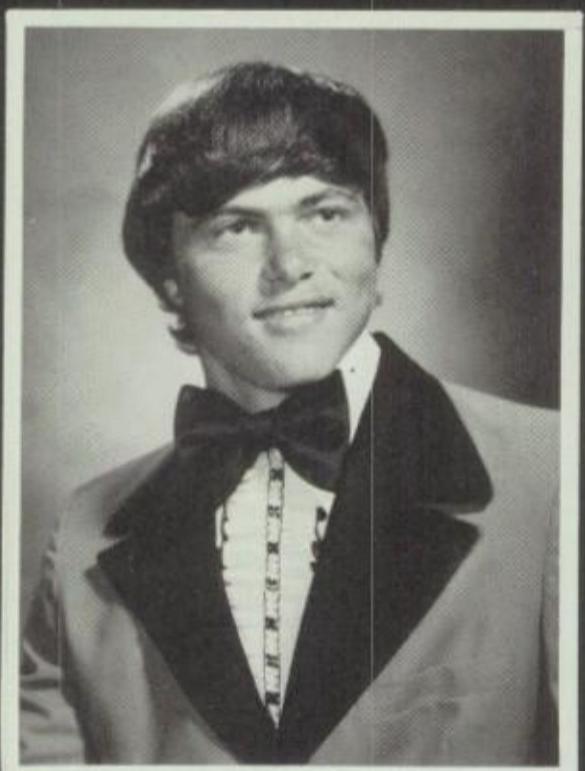

Opportunity finally came knocking at my door, but my mother wouldn't let him in.

**DAN MAUGHAN**

The men who try to do something and fail are infinitely better than those who do nothing and succeed.

**DOUGLAS JAMES MAZZA**

Often the greatest enemy of present happiness is past happiness too well remembered.

**TAMI MICHAELSON**

God gave us a great creation . . . men.

**DEBRA ANN MONROE**

A smile is a light in the window that says the heart is at home.

### JO ELLEN MORGAN

To be what we are, and to become what we are capable of becoming is the only end of life.

### TERRY MORIARTY

I do my thing, and you do your thing. I am not in this world to live up to your expectations, and you're not here to live up to mine. You are you, and I am I.

### HALVOR EINAR MOSENG

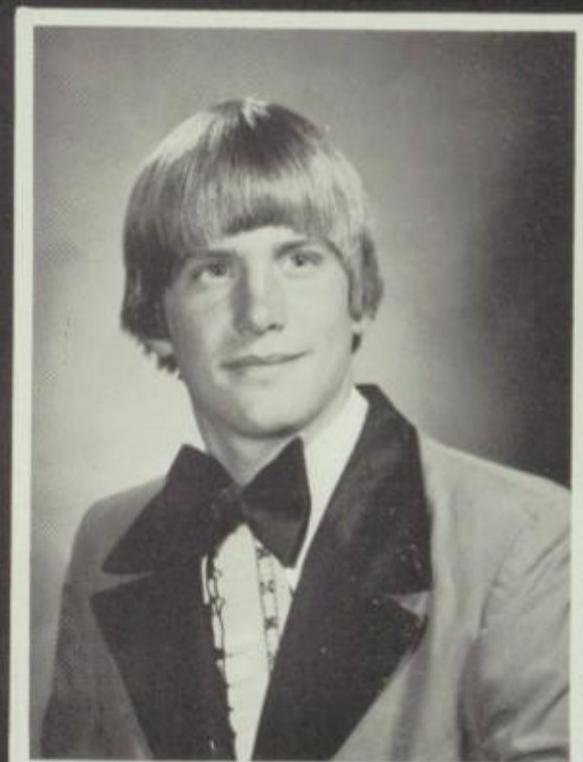

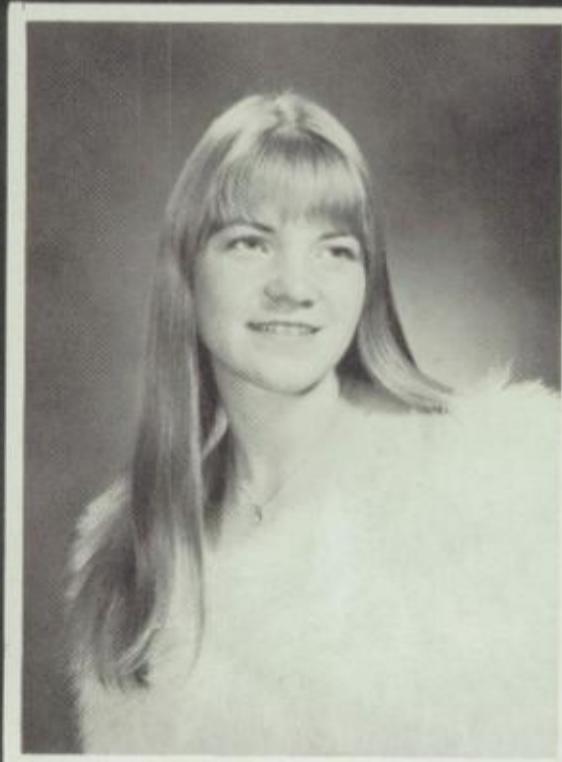

Kjaerlighet er en viktig del av katt liv, men utdannelse er alikevel den viktigste delen. (Love is an important part of your life, but education is still the most important part.)

### BECKY MUNRO

A time to love and a time to hate. A time of war and a time of peace.

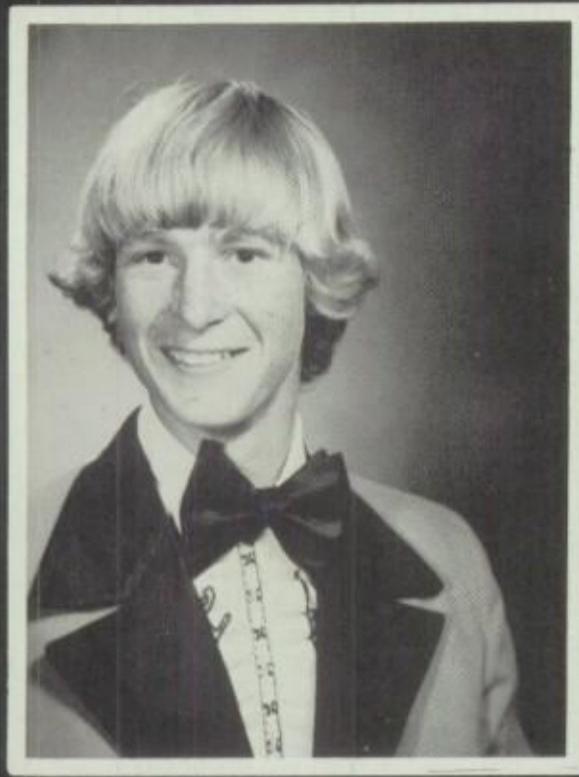

### JULIE ANN MUNRO

As the river goes . . . to the ocean, we move from high school out into the world. Although one of many, each drop . . . has its own particular path to travel, just as each of us will follow his individual road after graduation.

### BRAD NELSON

Behind my sweet, innocent smile lurks the heart of a little devil!

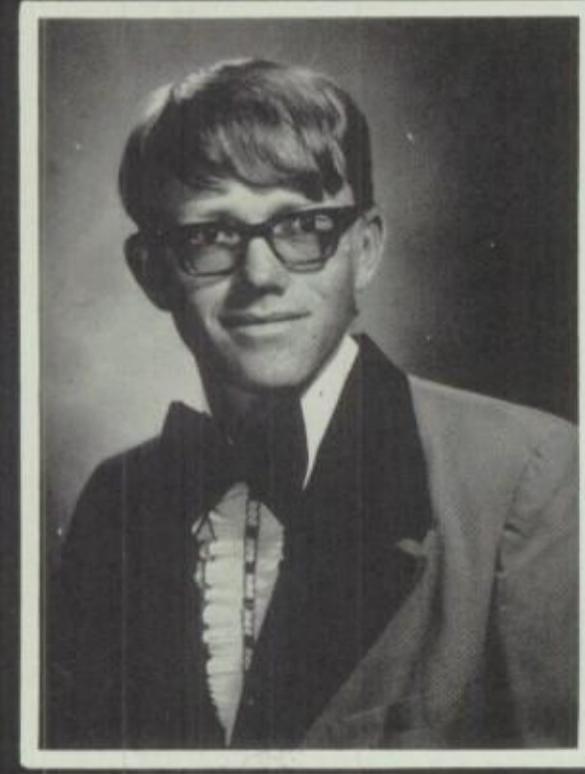

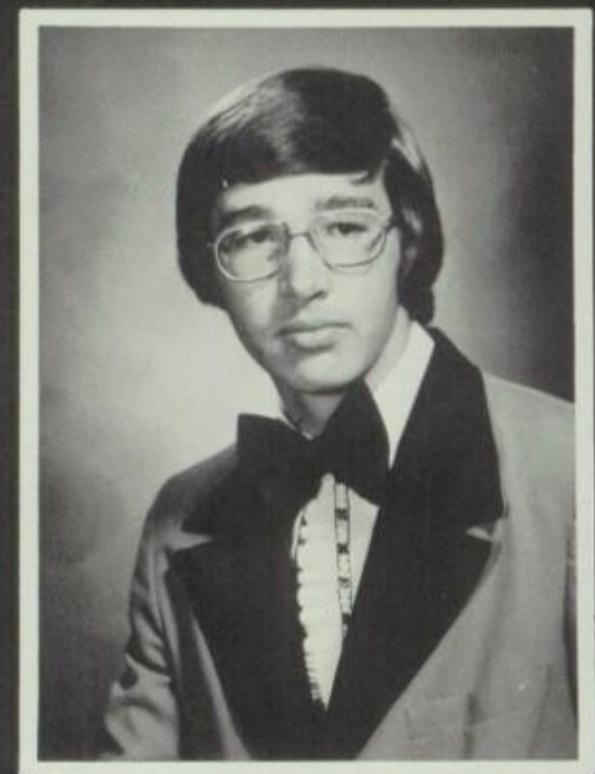

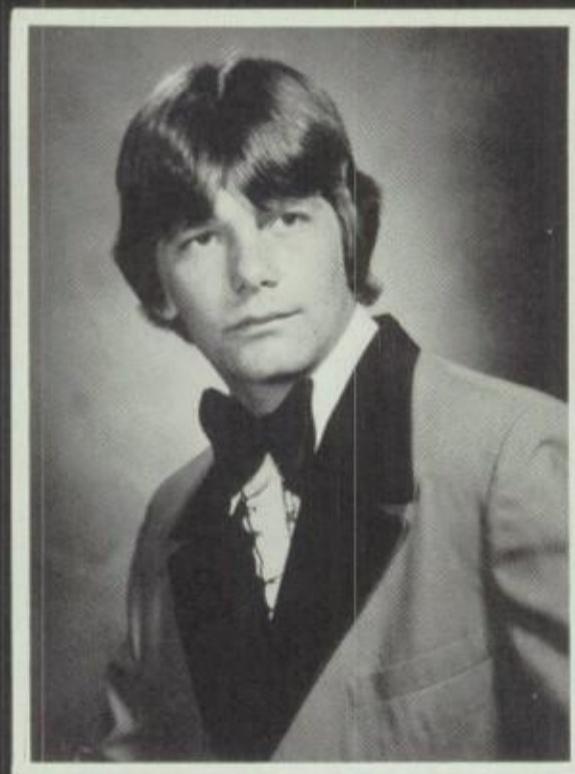

CURTIS OZBURN

can have what he will.

**WYNNE SIBBETT**

To have joy one must share it. Happiness was born a twin.

**THOMAS JOHN SODERMAN**

School is a place where you learn. What I've learned in English, math, and government couldn't fill a thimble, but there isn't a container big enough to hold what I've learned about girls.

**MICHELLE SOHN**

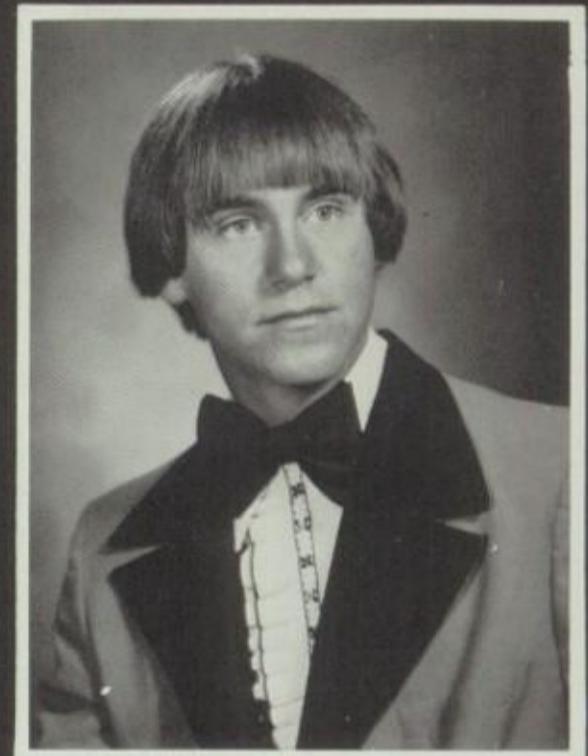

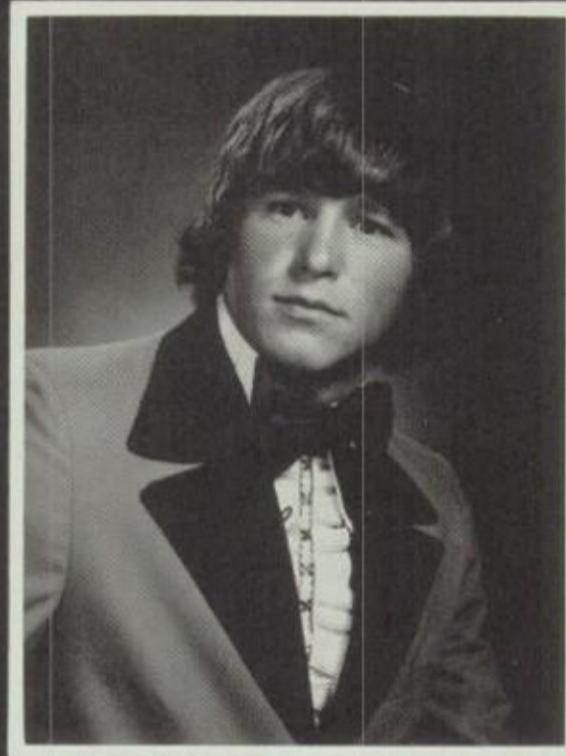

Women have many faults, but men have only two . . . everything they say and everything they do.

**WILLIAM R. SOMSEN**

Some people may go to school to seek for knowledge, but, frankly, I go to school to seek the women!

All I want is less to do, more time to do it, and more pay for not getting it done.

**JERRY DALE SWENSON**

A goal is not always meant to be reached. It often serves simply as something to aim at.

**COBY TIGERT**

Live for today, for if you live for tomorrow, and tomorrow does not come, today is wasted.

**MARILYN ARCHIBALD  
WALTERS**

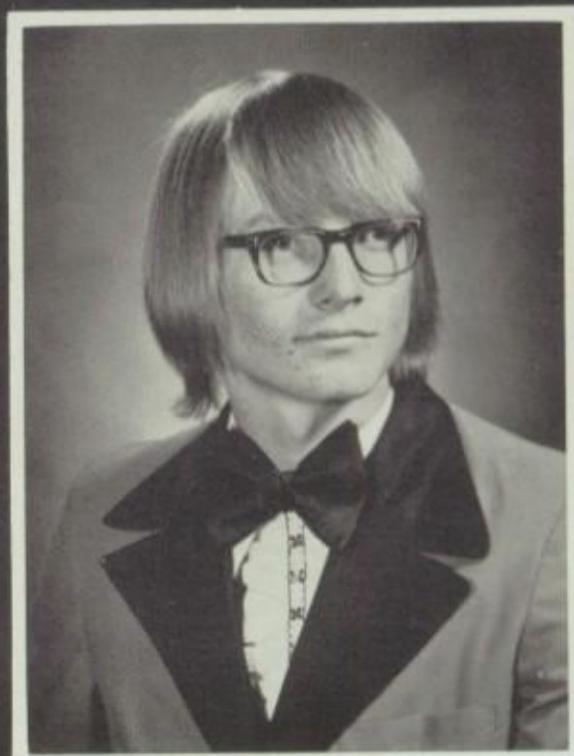

Reach out to the world; to know, to grow, to love, to say yes to life, to risk finding your real self.

**JEFF WASSMUTH**

Your clothes conceal much of your beauty, yet they hide not the unbeautiful.

**DEBBIE WELKER**

When you whisper secrets to the wind, the wind will reveal them to the trees.

**LESLIE WINDLEY**

There are no simple solutions - only intelligent choices.

Yeah, I'm a senior, so what about it? So there's only two weeks left of school, and then I'm out in the big world. Can't wait until graduation night . . . it's gonna be great. I'll cruise up front, grab that diploma, say, "thanks buddy," and run.

S'pose I don't know where I'm running to, though. Before, all I did was follow the rest of those darn rowdies. I knew I could always find someone at a game, a party, Mac'n Don's, or chowing down at the Canteen after school. But now it's gonna be different. We're all going to take off and try to make it on our own. Listen to this joke - letting graduation get to him after twelve years of being a hard guy. Oh, geez . . . Yeah, it's time to make the scene in class . . . guess I might even miss that when it's over. Check ya later, buddy! Thanks, see ya, bye.

It's graduation and it's unbelievable that I'm here. They'll call my name in a few minutes, and I'll walk up to receive my diploma . . . where do I go from there? I've always had the security of the school routine and its activities, surrounded by the friends I was so familiar with. Now we'll all be going in different directions, and I wonder how long it will be before the memories that meant so much start to fade. After twelve years of this you would think I would be ready to move on, but I feel like I'm leaving a part of me behind. Maybe that's good though, because I really have changed in the four years that I've been here.

Well, pretty soon they'll get to my name. Then I'll be up there, and it'll be all over. In a way, I guess everything's really just beginning.

# SENIOR CANDIDS

"Here she comes. Now, remember, look natural."

"Look there he is. Now don't do anything that would make him notice me."

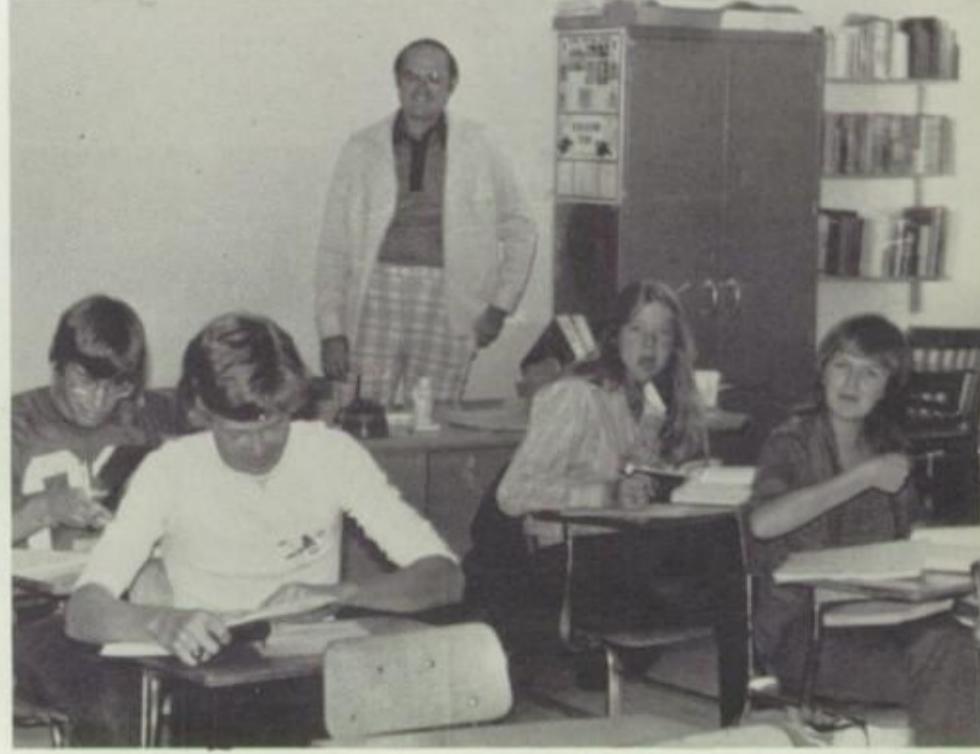

" . . . And in continuation . . . "

"Come on Jeff, let me into the act."

"Suzanne, that was not my favorite pie."

"Now why did you have to take this stupid picture? Can't you see that we're trying to work?"

Robert,  
You're a really

fun to be around. Hope we  
can always be good friends. ~~Remember~~  
who you are. Sincerely  
Sandra Christensen

A photograph of a sunset or sunrise over a body of water. The sky is filled with warm orange, yellow, and red hues. Handwritten lyrics are written vertically along the right edge of the image, partially overlapping the sunset colors.
